

Yasser Arguelles

Programmer

I'm a programmer based in Florida proficient in low-level work generally in C or C++. New to the job market but I've been programming for 9 years in various languages mostly focused on Compiler development and games.

Work History

2022-08 -
2022-12

Programmer

Whitebox, Kissimmee, United States

Worked on PDB parsing which was foundational to a myriad of features meant on improving Whitebox's debugger functionality when working with apps it doesn't compile.

2022-03 -
2022-06

Compiler Developer

Public Domain Operating System, Kissimmee, FL

I worked on improving the C compiler, subc, which was used to compile the Operating system. This revolved around bug fixes on the original designers work and added features to comply against the C spec.

Education

2018-08 -
2021-05

High School Diploma

Professional And Technical High School - Kissimmee, FL

Accomplishments

Developing Cuik, a C compiler with a custom backend made as an alternative to the bloated toolchains of today.
